PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 1 JANUARY 1983

CONTENTS

Methylphenidate decreases local glucose metabolism in the motor cortex. BELL, R. D., G. M. ALEXANDER and R. J. SCHWARTZMAN 1

Spatial working memory in rats: Effects of monoaminergic antagonists. BEATTY, W. W. and J. R. RUSH 7

LSD-potentiated apomorphine hypermotility: A model for differentiating antipsychotic drugs. MORGENSTERN, R., H. FINK and W. OELSSNER 13

Effect of centrally administered neurotensin on multiple feeding paradigms. LEVINE, A. S., J. KNEIP, M. GRACE and J. E. MORLEY 19

Behavioral tolerance to stimulating effects of pentobarbital: A within-subject determination. BRANCH, M. N. 25

Acute and chronic effects of estrogen treatment on pimozide-induced catalepsy in the rat. JOHNSON, N. J. and R. STEVENS 31

Further characterization of a simple, automated exploratory model for the anxiolytic effects of benzodiazepines. BLUMSTEIN, L. K. and J. N. CRAWLEY 37

Cyclazocine disruption of operant behavior is antagonized by naloxone and metergoline. HENCK, J. W., D. J. MOKLER, R. L. COMMISSARIS and R. H. RECH 41

Increased carbohydrate consumption by rats as a function of 2-deoxy-D-glucose administration. KANAREK, R. B., R. MARKS-KAUFMAN, R. RUTHAZER and L. GUALTIERI 47

Reversal of morphine-induced catalepsy by naloxone microinjections into brain regions with high opiate receptor binding: A preliminary report. WILCOX, R. E., M. BOZARTH and R. A. LEVITT 51

Effects of ethanol on enforced spatial variability in the 8-arm radial maze. DEVENPORT, L. D., V. J. MERRIMAN and J. A. DEVENPORT 55

Effects of diazepam and diphenylhydantoin on elicited and spontaneous seizures in kindled rats: A double dissociation. PINEL, J. P. J. 61

Capsaicin treatment and stress-induced analgesia. BODNAR, R. J., D. A. SIMONE, J. H. KORDOWER, A. L. KIRCHGESSNER and G. NILAVER 65

Interaction of the discriminative stimulus properties of diazepam and ethanol in pigeons. JÄRBE, T. U. C. and D. E. McMILLAN 73

Effects of Δ^6-THC and castration on behavior and plasma hormone levels in male mice. DALTERIO, S. L., D. L. MAYFIELD, S. D. MICHAEL, B. T. MACMILLAN and A. BARTKE 81

Effects of apomorphine, clonidine or 5-methoxy-NN-dimethyltryptamine on approach and escape components of lateral hypothalamic and mesencephalic central gray stimulation in two inbred strains of mice. CAZALA, P. and A. M. GARRIGUES 87

Attenuation of the behavioral effects of meperidine and normeperidine by daily administration of diazepam. LEANDER, J. D. 95

Lethality of pentazocine and tripelennamine combinations in mice housed individually and in groups. POLING, A., J. KESSELRING, R. G. SEWELL, JR. and J. CLEARY 103

Phenobarbital and d-amphetamine effects on discrimination performance of rats and juvenile babcons. GELLER, I., R. J. HARTMANN and E. MORAN 107

Serotonin depletion by 5,7-dihydroxytryptamine or para-chloroamphetamine does not affect cancer anorexia. CHANCE, W. T., M. VON MEYENFELDT and J. E. FISCHER 115

A comparison of the subjective and cardiovascular effects of cocaine and lidocaine in humans. FISCHMAN, M. W., C. R. SCHUSTER and Y. HATANO 123

The effect of 6-OHDA lesions of the nucleus accumbens septum on schedule-induced drinking, wheelrunning and corticosterone levels in the rat. WALLACE, M., G. SINGER, J. FINLAY and S. GIBSON 129

Amphetamine effects on long term potentiation in dentate granule cells. DELANOY, R. L., D. L. TUCCI and P. E. GOLD 137

BRIEF COMMUNICATIONS

Stress-induced suppression of maintenance but not of acquisition of ethanol consumption in rats. NG CHEONG TON, M. J., Z. BROWN, A. MICHALAKEAS and Z. AMIT 141

Cortical spreading depression blocks naloxone-induced escape behaviour in morphine pretreated mice. PERÉZ-SAAD, H. and J. BUREŠ 145

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 2 FEBRUARY 1983

CONTENTS

Dopaminergic nature of feeding-induced behavioral stereotypies in stressed pigeons. GOODMAN, I., J. ZACNY, A. OSMAN, A. AZZARO and C. DONOVAN 153

Neurotransmitters extraction by local intracerebral dialysis in anesthetized rats. HERNANDEZ, L., X. PAEZ and C. HAMLIN 159

Effects of phencyclidine on aggressive behavior in squirrel monkeys. EMLEY, G. S. and R. R. HUTCHINSON 163

Dexamethasone reverses adrenalectomy enhancement of footshock induced analgesia in mice. MAREK, P., I. PANOCKA and B. SADOWSKI 167

Shuttlebox self-stimulation in the rat: An anatomical analysis and the effect of morphine with two current levels. POPOV, A. E., D. S. PARSONS and R. A. LEVITT 171

Recovery of memory following forgetting induced by depletion of biogenic amines. QUARTERMAIN, D. and M. E. JUDGE 179

Quinolines and anxiety: Anxiogenic effects of CGS 8216 and partial anxiolytic profile of PK 9084. FILE, S. E. and R. G. LISTER 185

Interstrain comparison of avoidance behavior and neurochemical parameters of brain cholinergic function. BLAKER, W. D., D. L. CHENEY and D. M. STOFF 189

Rate-dependent effects of amphetamine on responding under random-interval schedules of reinforcement in the rat. LUCKI, I. 195

Effects of adrenergic blockers on the inhibition of muricide by desipramine and noradrenaline injected into the amygdala in olfactory bulbectomized rats. SHIBATA, S., S. WATANABE, S. Y. LIOU and S. UEKI 203

Cardiovascular changes during morphine withdrawal in the rat: Effects of clonidine. BUCCAFUSCO, J. J. 209

Opiate-receptor blockade reduces voluntary running but not self-stimulation in hamsters. POTTER, C. D., K. T. BORER and R. J. KATZ 217

Attenuation of alcohol drinking in tetrahydroisoquinoline-treated rats by morphine and naltrexone. CRITCHER, E. C., C. I. LIN, J. PATEL and R. D. MYERS 225

Naloxone lowers brain-stimulation escape thresholds. SASSON, S. and C. KORNETSKY 231

Alteration of exploration and the response to food associated cues after treatment with Pimozide. IRWIN, J., T. N. TOMBAUGH, R. M. ZACHARKO and H. ANISMAN 235

Preliminary characterization of response-eliciting components of earthworm extract. REFORMATO, L. S., D. M. KIRSCHENBAUM and M. HALPERN 247

Opiates and the hippocampus: A review of the functional and morphological evidence. CORRIGALL, W. A. 255

Lack of potency of metoclopramides metabolites in various dopaminergic models. STANLEY, M., D. WAZER, J. VIRGILLIO, C. M. KUHN, D. I. BENSON and L. R. MEYERSON 263

BRIEF COMMUNICATIONS

Subcutaneous splicing of intravenous and intragastric catheters. LUKAS, S. E. 267

Portacaval anastomosis in rats: Effects on behavior and brain serotonin metabolism. MARTIN, J. R., J. DEDEK and P. DRISCOLL 269

Bromocriptine promotes recovery of self-stimulation in 6-hydroxydopamine-lesioned rats. CAREY, R. J. 273

An efficient chronic conflict paradigm: Lick suppression by incremental footshock. McCOWN, T. J., R. A. VOGEL and G. R. BREESE 277

Intake of water and ethanol by C57BL mice: Effect of an altered light-dark schedule. MILLARD, W. J. and V. P. DOLE 281

Open-field behavior in dopamine-depleted rat pups and their mothers. CONCANNON, J. T. and M. D. SCHECHTER 285

A preliminary description of acute physical dependence on morphine in the vervet monkey. KRYSTAL, J. H. and D. E. REDMOND, JR. 289

MEETING REPORTS

Variability in responses to benzodiazepines. FILE, S. E., M. A. SIMMONDS and B. BEER 293

Correlations among measures of response to benzodiazepines in man. BOND, A. and M. LADER 295

Variations in response of the GABA-picrotoxin-benzodiazepine receptor complex to flurazepam. SIMMONDS, M. A. 299

Variability in behavioral responses to benzodiazepines in the rat. FILE, S. E. 303

Variability of response to hypnotics: Sleep studies in man. COCHRANE, L. A., A. N. NICHOLSON and B. M. STONE 307

The separation of ^{3}H-benzodiazepine binding sites in brain and of benzodiazepine pharmacological properties. DUBNICK, B., A. S. LIPPA, C. A. KLEPNER, J. COUPET, E. N. GREENBLATT and B. BEER 311

ERRATUM 319

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 3 MARCH 1983

CONTENTS

Stereotyped behavior affected by peripheral and intracerebroventricular apomorphine administration in pigeons. DEVICHE, P. 323

Tolerance and cross-tolerance to central nervous system depressants after chronic pentobarbital or chronic methaqualone administration. COMMISSARIS, R. L. and R. H. RECH 327

Blood removal and renal elimination of a constant dose of ethanol as a function of volumes and concentrations of solutions administered to rats. DOSSEVI, L., P. MARFAING-JALLAT, L. A. CAMPFIELD and J. LE MAGNEN 333

Effects of nicotine on weight change and food consumption in rats. McNAIR, E. and R. BRYSON . 341

Influence of Z-Prolyl-D-Leucine on α-MPT-induced catecholamine utilization in specific mouse brain nuclei. KOVÁCS, G. L., L. ACSAI, Á. TIHANYI, M. FALUDI and G. TELEGDY 345

Phencyclidine and behavior: II. Active avoidance learning and radial arm maze performance. KESNER, R. P., J. D. HARDY and J. M. NOVAK 351

Biphasic effects of morphine on locomotor activity in hamsters. SCHNUR, P., F. BRAVO, M. TRUJILLO and S. ROCHA 357

Neurochemical effects of long-term ingestion of ethanol by Sinclair (S-1) swine. HARRIS, R. A., D. FENNER, D. FELLER, G. SIECKMAN, S. LLOYD, M. MITCHELL, J. D. DEXTER, M. E. TUMBLESON and D. B. BYLUND 363

Combined effects of chlordiazepoxide treatment and food deprivation on concurrent measures of feeding and activity. COLE, S. O. 369

Capsaicin pretreatment interferes with the thermoregulatory effects of morphine. SZIKSZAY, M., G. BENEDEK and F. OBÁL, JR. 373

Effects of selected drugs on spontaneously occurring abnormal behavior in beagles. IORIO, L. C., N. EISENSTEIN, P. E. BRODY and A. BARNETT 379

Effects of local anesthetics on fixed-interval responding in rhesus monkeys. WOOLVERTON, W. L. and R. L. BALSTER 383

Inhibition of pentylenetetrazol induced genetically-determined stereotypic convulsions in tottering mutant mice by diazepam. SYAPIN, P. J. 389

Effects of ketocyclazocine alone and in combination with naloxone on schedule-controlled responding in squirrel monkeys. MILAR, K. S. and L. A. DYKSTRA 395

Prenatal phenobarbital treatment and temperature-controlling dopamine receptors. KUPRYS, R. and B. TABAKOFF 401

Intra-raphe benzodiazepines enhance rat locomotor activity: Interactions with GABA. SAINATI, S. M. and S. A. LORENS 407

(Contents continued on next page)

Relationship of adrenergic and electrical brain stimulation induced feeding responses. HALPERIN, R., C. L. GATCHALIAN, T. J. ADACHI, J. CARTER and S. F. LEIBOWITZ 415

Effects of psychotropic drugs microinjected into the hypothalamus on muricide, catalepsy and cortical EEG in OB rats. HARA, C., S. WATANABE and S. UEKI 423

Effects of peripheral and central dopamine blockade on lateral hypothalamic self-stimulation: Evidence for both reward and motor deficits. STELLAR, J. R., A. E. KELLEY and D. CORBETT 433

Activation of hypothalamic β-endorphin pools by reward induced by highly palatable food. DUM, J., CH. GRAMSCH and A. HERZ 443

Diazepam dose preference in humans. HEALEY, M. L. and R. W. PICKENS 449

Regulation of tobacco smoke intake with paced cigarette presentation. GRITZ, E. R., J. E. ROSE and M. E. JARVIK 457

BRIEF COMMUNICATIONS

Acquisition of lithium chloride- and radiation-induced taste aversions in hypophysectomized rats. RABIN, B. M., W. A. HUNT and J. LEE 463

Intravenous self-administration of morphine by naive mice. CRISWELL, H. E. and A. RIDINGS 467

A long-acting buprenorphine delivery system. PONTANI, R. B. and A. L. MISRA 471

ANNOUNCEMENTS 475

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 4 APRIL 1983

CONTENTS

The development of brain biogenic amines, cyclic nucleotides and hyperactivity in 6-OHDA-treated rat pups. CONCANNON, J. T., J. M. BRAUGHLER and M. D. SCHECHTER 477

Lithium and carbamazepine: Effects on learned taste aversion and open field behavior in rats. SMITH, D. F. 483

Ethanol intake increases during continuous administration of amphetamine and nicotine, but not several other drugs. POTTHOFF, A. D., G. ELLISON and L. NELSON 489

Restraint alters the thermic response to morphine by postural interference. McDOUGAL, J. N., P. R. MARQUES and T. F. BURKS 495

Serotonin receptor activation in rats previously deprived of REM sleep. SANTOS, R. and E. A. CARLINI 501

Dopamine metabolism and receptor sensitivity in rat brain after REM sleep deprivation. FARBER, J., J. D. MILLER, K. A. CRAWFORD and B. A. McMILLEN 509

Anorexic activity of cocaine and coca extract in naive and cocaine tolerant rats. VEE, G. L., G. B. FINK and G. H. CONSTANTINE, JR. 515

Studies on memory: The cerebral spread of an engram in mice as affected by inhibitors of dopamine β-hydroxylase. FLEXNER, J. B., L. B. FLEXNER and A. C. CHURCH 519

Comparison of regional brain 5-HT and 5-HIAA content in flexor and extensor rats. BROWNING, R. A., J. K. SMITH and M. T. BRANDON 525

Alteration in response patterning by d-amphetamine on repeated acquisition in rats. SCHROT, J. and J. R. THOMAS 529

Facilitation of estrogen-induced receptivity through metyrapone administration in ovariectomized rats. DE CATANZARO, D., R. P. KNIPPING and S. W. WIGMORE 535

Effects of methylphenidate on the fixed-ratio performance of mentally retarded children. POLING, A. and S. E. BREUNING 541

Benzodiazepine hypnotics: Time course and potency of benzodiazepine receptor occupation after oral application. MÜLLER, W. E. and A. E. STILLBAUER 545

Effects of time and experience on hippocampal neurochemistry after damage to the CA3 subfield. HANDELMANN, G. E., D. S. OLTON, T. L. O'DONOHUE, M. C. BEINFELD, D. M. JACOBOWITZ and C. J. CUMMINS 551

Ovarian hormones influence brown adipose tissue. KEMNITZ, J. W., Z. GLICK and G. A. BRAY 563

Morphine and acceptability of putative reinforcers. CALCAGNETTI, D. J. and L. D. REID . 567

Morphine withdrawal produces differential effects on the rate of lever-pressing for brain self-stimulation in the hypothalamus and midbrain in rats. SCHAEFER, G. J. and R. P. MICHAEL ... 571

Acute behavioral toxicity of carbaryl and propoxur in adult rats. RUPPERT, P. H., L. L. COOK, K. F. DEAN and L. W. REITER 579

Self-stimulation of the nucleus accumbens and some comparisons with hypothalamic self-stimulation. JENKINS, O. F., D. M. ATRENS and D. M. JACKSON 585

Dietary quinine has a nongustatory effect on food intake in rats. GUNION, M. W. and R. H. PETERS 593

Chronic administration of cholinergic agents: Effects on behavior and calmodulin. LOULLIS, C. C., R. L. DEAN, A. S. LIPPA, L. R. MEYERSON, B. BEER and R. T. BARTUS ... 601

Psychoneuroendocrine effects of neurotoxic lesions in the septum and striatum of rats. NANCE, D. M. 605

Drug discrimination in rats: Evidence for amphetamine-like cue state following chronic haloperidol. BARRETT, R. J. and L. R. STERANKA 611

Prior training and intermittent retraining attenuate pimozide-induced avoidance deficits. BENINGER, R. J., A. G. PHILLIPS and H. C. FIBIGER 619

Facilitation of shock-induced fighting in the rat after DSP-4, a selective noradrenergic neurotoxin. MOGILNICKA, E., D. J. DOOLEY, C. G. BOISSARD and A. DELINI-STULA . 625

Effects of antiemetics on the acquisition and recall of radiation- and lithium chloride-induced conditioned taste aversions. RABIN, B. M. and W. A. HUNT 629

Time course of changes in nociception after 5,6-dihydroxytryptamine lesions of descending 5-HT pathways. BERGE, O.-G., O. B. FASMER, T. FLATMARK and K. HOLE 637

BRIEF COMMUNICATIONS

Vasopressin potentiation in the performance of a learned appetitive task: Reversal by a pressor antagonist analog of vasopressin. ETTENBERG, A., M. LE MOAL, G. F. KOOB and F. E. BLOOM 645

Learned helplessness induction decreases *in vivo* cortical serotonin release. PETTY, F. and A. D. SHERMAN 649

Choline administration: Lack of effect on plasma catecholamines in rats. McCARTY, R. 651

Time course of pimozide effects on brain stimulation reward. ATALAY, J. and R. A. WISE .. 655

ANNOUNCEMENTS 659

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 5 MAY 1983

CONTENTS

Differential effects of d,l-amphetamine on licking maintained by electrical hypothalamic stimulation and/or water in rats. KUNDU, S. N., A. J. GREENSHAW and J. BUREŠ 663

Ontogeny of stress effects on ornithine decarboxylase activity in rats. KUHN, C. M., A. GRIGNOLO and S. M. SCHANBERG 669

Failure of dorsal bundle lesions in rats to increase distractibility to a low intensity tone. DRAGUNOW, M. and R. LAVERTY 673

The influence of serotonin and p-chlorophenylalanine on locomotor activity of *Drosophila melanogaster*. KAMYSHEV, N. G., G. P. SMIRNOVA, E. V. SAVVATEEVA, A. V. MEDVEDEVA and V. V. PONOMARENKO 677

Fasting and ketogenic diet effects on audiogenic seizure susceptibility of magnesium deficient rats. MAHONEY, A. W., D. G. HENDRICKS, N. BERNHARD and D. V. SISSON .. 683

Plasma catecholamine and corticosterone as well as brain catecholamine changes during coping in rats exposed to stressful footshock. SWENSON, R. M. and W. H. VOGEL 689

The influence of amphetamine on preference for lateral hypothalamic versus prefrontal cortex or ventral tegmental area of self-stimulation. HAND, T. H. and K. B. J. FRANKLIN 695

Further consideration of the learning impairment after aceperone in the marmoset: Effects of the drug on shape and colour discrimination and on an alternation task. BAKER, H. F., R. M. RIDLEY, T. A. J. HAYSTEAD and T. J. CROW 701

Increasing the work requirements lowers the threshold of naloxone for reducing self-stimulation in the midbrain of rats. WEST, C. H. K., G. J. SCHAEFER and R. P. MICHAEL 705

A comparison of the subjective and cardiovascular effects of cocaine and procaine in humans. FISCHMAN, M. W., C. R. SCHUSTER and S. RAJFER 711

Effects of n-di-propylacetate on aggressive behavior and brain GABA level in isolated mice. SIMLER, S., S. PUGLISI-ALLEGRA and P. MANDEL 717

Increased self-administration of *d*-amphetamine by rats pretreated with metergoline. LYNESS, W. H. and K. E. MOORE 721

Sexual dimorphism in rats with respect to locomotor activity and circling behavior. HYDE, J. F. and T. P. JERUSSI 725

Central angiotensin converting enzyme blockade and thirst. DI NICOLANTONIO, R., F. A. O. MENDELSOHN and J. S. HUTCHINSON 731

Contents continued

Bupropion, d-amphetamine, and amitriptyline-induced conditioned taste-aversion in rats: Dose effects. MILLER, D. B. and L. L. MILLER 737

Evidence against involvement of β-endorphin in thermoregulation in the cat. CLARK, W. G., I.-H. PANG and G. L. BERNARDINI 741

Differential effects of amphetamine isomers on SN self-stimulation: Evidence for DA neuron subtypes. FRANKLIN, K. B. J. and F. VACCARINO 747

Posture-independent sensorimotor analysis of inter-hemispheric receptor asymmetries in neostriatum. SCHALLERT, T., M. UPCHURCH, R. E. WILCOX and D. M. VAUGHN 753

Involvement of the septum in central dopamine-acetylcholine interactions in morphine-treated cats. MEGENS, A. A. P. H. and A. R. COOLS 761

Effects of diazepam on responding suppressed by response-dependent and independent electric-shock delivery. HYMOWITZ, N. and M. ABRAMSON 769

Addictive agents and intracranial stimulation (ICS): Novel antagonists and agonists of morphine and pressing for ICS. BERMUDEZ-RATTONI, F., S. CRUZ-MORALES and L. D. REID 777

5-Hydroxytryptophan-induced conditioned taste aversion to ethanol in the rat. ZABIK, J. E. and J. D. ROACHE 785

New multi-cannula pedestal device for micro-injection of drugs into brain tissue or cerebral ventricle. HEPLER, J. R. and R. D. MYERS 791

Influence of chlordiazepoxide on alcohol consumption in mice. CHAN, A. W. K., F. W. LEONG and D. L. SCHANLEY 797

Circadian and genetic influences on tissue sensitivity and sleep time to ethanol in LS and SS mice. GILLIAM, D. M. and A. C. COLLINS 803

Temporal and pharmacological parameters of puromycin-induced amnesia. BARRACO, R. A. and K. E. FRANK 809

BRIEF COMMUNICATIONS

Drug withdrawal prior to hatch in the morphine tolerant chick embryo. NEWBY-SCHMIDT, M. B. and S. NORTON 817

Parachloroamphetamine toxicity in mice: Influence of body weight, sex and dose. KESSELRING, J. W., R. G. SEWELL, J. A. GALLUS, T. R. STIGER and N. I. NEARCHOU 821

Suppression of saccharin-induced drinking in the nondeprived rat by low dose diazepam treatment. COOPER, S. J. 825

ANNOUNCEMENTS 829

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

VOLUME 18 NUMBER 6 JUNE 1983

CONTENTS

Behavioral effects of chronic lead exposure in the adult rat.
NATION, J. R., A. E. BOURGEOIS and D. E. CLARK 833

Feeding and satiation observed in the runway:
The effects of d-amphetamine and d-fenfluramine compared.
THURLBY, P. L., V. E. GRIMM and R. SAMANIN 841

Hypothalamic GABA system and plasma corticosterone in ether stressed rats.
MANEV, H. and D. PERIČIĆ 847

Serotonergic influences on EEG synchronization induced by milk drinking in the cat.
CERVANTES, M., R. RUELAS and C. BEYER 851

Calcitonin depresses amphetamine-induced locomotor activity.
TWERY, M. J., C. W. COOPER and R. B. MAILMAN 857

Increased consumption of diazepam during chronic amphetamine administration.
NELSON, L. R., A. D. POTTHOFF and G. D. ELLISON 863

Cesium attenuates conditioned avoidance response in rats and mice.
BOSE, R. and C. PINSKY 867

Acquisition of brightness discrimination in the rat is impaired by opiates with psychotomimetic properties.
TANG, A. H. and S. R. FRANKLIN 873

Feeding behavior of Zucker rats to proglumide, a CCK receptor antagonist.
McLAUGHLIN, C. L., S. R. PEIKIN and C. A. BAILE 879

Potentiation of morphine analgesia after pretreatment with probenecid or sulfinpyrazone.
MORIN, R. A. and W. H. LYNESS 885

Clonidine potentiates drug induced self-injurious behavior in rats.
MUELLER, K. and W. L. NYHAN 891

Ethanol reinforced responding in the rat: Relations of ethanol introduction to later ethanol responding.
SAMSON, H. H., G. A. TOLLIVER and T. A. ROEHRS 895

Evidence for a role of the ventro-medial posterior hypothalamus in nociceptive processes in the rat.
MILLAN, M. J., R. PRZEWŁOCKI, M. H. MILLAN and A. HERZ 901

Cholinergic drugs and 4-aminopyridine alter hypoxic-induced behavioral deficits.
GIBSON, G. E., C. J. PELMAS and C. PETERSON 909

Effects of interactions between amphetamine and food deprivation on covariation of muricide, consummatory behaviour and activity.
RUSSELL, J. W., G. SINGER and G. BOWMAN 917

Contents continued

6-OHDA induced effects upon the acquisition and performance of specific locomotor tasks in rats.
WATSON, M. and J. G. McELLIGOTT 927

Temperature responses in rats after acute and chronic administrations of caffeine.
SCHLOSBERG, A. J. 935

A method for manual determination of glutamate, glutamine, GABA and aspartate from brain regions.
KIMES, A. S. and M. K. SHELLENBERGER 943

Effects of experiences on synaptic protein phosphorylation *in vitro*.
LYN-COOK, B. D. and J. E. WILSON 949

Agonistic action of a benzodiazepine antagonist:
Effects of Ro 15-1788 and midazolam on hypertonic NaCl intake.
TANG, M., S. SOROKA and J. L. FALK 953

The potential use of GABA agonists in psychiatric disorders:
Evidence from studies with progabide in animal models and clinical trials.
LLOYD, K. G., P. L. MORSELLI, H. DEPOORTERE, V. FOURNIER, B. ZIVKOVIC, B. SCATTON, R. BROEKKAMP, P. WORMS AND G. BARTHOLINI 957

Effects of repeated stress on pituitary cyclic AMP, and plasma prolactin, corticosterone and growth hormone in male rats.
KANT, G. J., B. N. BUNNELL, E. H. MOUGEY, L. L. PENNINGTON AND J. L. MEYERHOFF 967

Behavioral and neurochemical effects following neurotoxic lesions of a major cholinergic input to the cerebral cortex in the rat.
FLICKER, C., R. L. DEAN, D. L. WATKINS, S. K. FISHER and R. T. BARTUS 973

BRIEF COMMUNICATION

Diazepam-induced NaCl solution intake: Independence from renal factors.
TANG, M., C. BROWN, D. MAIER and J. L. FALK 983

INDEX TO VOLUME 18 985

PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR

First Congress of the International Society for Biomedical Research on Alcoholism

Supplement to *PHARMACOLOGY BIOCHEMISTRY & BEHAVIOR*

CONTENTS

Interactions of Ethanol with Cell Membranes and Effects on Membrane-Bound Proteins

Ethanol effects on synaptic glutamate receptor function and on membrane lipid organization. MICHAELIS, E. K., H. H. CHANG, S. ROY, J. A. McFAUL and J. D. ZIMBRICK 1

Ethanol and biological membranes: Injury and adaptation. RUBIN, E. and H. ROTTENBERG 7

The interactions of ethanol with the benzodiazepine-GABA receptor-ionophore complex. TICKU, M. K., T. P. BURCH and W. C. DAVIS 15

Alcohol effects on synaptic membrane calcium ion fluxes. MICHAELIS, M. L., E. K. MICHAELIS and T. TEHAN 19

Brain membrane disordering by administration of a single ethanol dose. FLEURET-BALTER, C., F. BEAUGE, F. BARIN, J. NORDMANN and R. NORDMANN 25

ESR measurements on the effects of ethanol on the lipid and protein conformation in biological membranes. LOGAN, B. J., R. LAVERTY and B. M. PEAKE 31

Comparison of effects of ethanol on platelet function and synaptic transmission. FENN, G. C., M. A. LYNCH, P. T. NHAMBURO, L. CABEROS and J. M. LITTLETON 37

Chronic ethanol treatment affects synaptosomal membrane-bound enzymes. GUERRI, C. and S. GRISOLÁ 45

Ganglioside treatment of alcoholic neuropathies: Experimental and clinical aspects. MASSAROTTI, M. 51

Enzymology of Alcohol and Aldehyde Dehydrogenases

Immunohistochemical localization of alcohol dehydrogenase in human kidney, endocrine organs and brain. BÜHLER, R., D. PESTALOZZI, M. HESS and J.-P. VON WARTBURG .. 55

Hepatic ADH and ALDH isoenzymes in different racial groups and in chronic alcoholism. RICCIARDI, B. R., J. B. SAUNDERS, R. WILLIAMS and D. A. HOPKINSON 61

Alcohol and polyol dehydrogenases. JÖRNVALL, H., M. CARLQUIST and J. JEFFERY . 67

Structural studies of horse liver alcohol dehydrogenase: Coenzyme, substrate and inhibitor binding. EKLUND, H. 73

A two-site model for the esterase and dehydrogenase activities of sheep liver aldehyde dehydrogenase. BLACKWELL, L. F., A. F. BENNETT, K. E. CROW, P. D. BUCKLEY and L. W. DEADY 83

Comparative study of erythrocyte aldehyde dehydrogenase in alcoholics and control subjects. AGARWAL, D. P., L. TOBAR-ROJAS, S. HARADA and H. W. GOEDDE 89

Interaction of human cytoplasmic aldehyde dehydrogenase E_1 with disulfiram. VALLARI, R. C. and R. PIETRUSZKO 97

Aldehyde dehydrogenase in blood: A sensitive assay and inhibition by disulfiram. TOTTMAR, O. and E. HELLSTRÖM 103

Effects of magnesium and calcium on mitochondrial and cytosolic liver aldehyde dehydrogenases. WEINER, H. and K. TAKAHASHI 109

The role of cytoplasmic aldehyde dehydrogenase in the metabolism of N-*tele*-methylhistamine. GITOMER, W. L. and K. F. TIPTON 113

Structural relationships among aldehyde dehydrogenases. HEMPEL, J., H. VON BAHR-LINDSTRÖM and H. JÖRNVALL 117

Acetaldehyde

The polymorphisms of alcohol and aldehyde dehydrogenase and their significance for acetaldehyde toxicity. VON WARTBURG, J.-P., R. BÜHLER, J.-A. MARING and D. PESTALOZZI 123

Alcohol sensitivity related to polymorphism of alcohol-metabolizing enzymes in Japanese. MIZOI, Y., Y. TATSUNO, J. ADACHI, M. KOGAME, T. FUKUNAGA, S. FUJIWARA, S. HISHIDA and I. IJIRI 127

Aldehyde oxidizing capacity of erythrocytes in normal and alcoholic individuals. MARING, J.-A., K. WEIGAND, H. D. BRENNER and J.-P. VON WARTBURG 135

Blood ethanol and acetaldehyde levels in Japanese alcoholics and controls. HARADA, S., D. P. AGARWAL, H. W. GOEDDE and S. TAKAGI 139

Human blood acetaldehyde concentration during ethanol oxidation (update 1982). ERIKSSON, C. J. P. 141

Aldehyde dehydrogenase isozyme variation and alcoholism in Japan. HARADA, S., D. P. AGARWAL, H. W. GOEDDE and B. ISHIKAWA 151

Hepatic aldehyde dehydrogenases and lipid peroxidation. HJELLE, J. J. and D. R. PETERSEN 155

Pharmacogenetics of alcohol sensitivity. GOEDDE, H. W., D. P. AGARWAL and S. HARADA 161

Oxidation of acetaldehyde and presence of aldehyde dehydrogenase in rat erythrocytes. WEINER, H., N. TRUESDALE-MAHONEY and A. J. PELLETIER 167

Ethanol Metabolism

The swift increase in alcohol metabolism (SIAM) in four inbred strains of mice. THURMAN, R. G., B. U. BRADFORD and E. GLASSMAN 171

Alcohol oxidation by isozyme 3a of liver microsomal cytochrome P-450. COON, M. J., D. R. KOOP and E. T. MORGAN 177

Microsomal ethanol oxidizing system (MEOS): Interaction with ethanol, drugs and carcinogens. LIEBER, C. S. 181

Evidence for two ethanol oxidizing pathways in reconstituted mixed-function oxidase systems. WINSTON, G. W. and A. I. CEDERBAUM 189

Alcohol dehydrogenase (ADH) independent ethanol metabolism in deermice lacking ADH. SHIGETA, Y., F. NOMURA, M. A. LEO, S. IIDA, M. R. FELDER and C. S. LIEBER 195

Biological significance of compartmentation of hepatic ethanol oxidation. BERRY, M. N., A. R. GRIVELL and P. G. WALLACE 201

Interaction of cytoplasmic dehydrogenases: Quantitation of pathways of ethanol metabolism. VIND, C. and N. GRUNNET 209

Properties of alcohol dehydrogenase and ethanol oxidation *in vivo* and in hepatocytes. CORNELL, N. W. 215

Relationship between kinetics of liver alcohol dehydrogenase and alcohol metabolism. BOSRON, W. F., D. W. CRABB and T.-K. LI 223

NAD^+-dependent ethanol oxidation: Redox effects and rate limitation. CRONHOLM, T. 229

Kinetics of malate dehydrogenase and control of rates of ethanol metabolism in rats. CROW, K. E., T. J. BRAGGINS, R. D. BATT and M. J. HARDMAN 233

Factors influencing rates of ethanol oxidation in isolated rat hepatocytes. CROW, K. E., K. M. NEWLAND and R. D. BATT 237

Interactions Between Ethanol and Intermediary Metabolism

31-P NMR in the study of liver metabolism in vivo. QUISTORFF, B., A. ENGKAGUL and B. CHANCE 241

Effect of ethanol, noradrenaline and 3′,5′-cyclic AMP on oxidation of fatty acids and lipolysis in isolated rat hepatocytes. GRUNNET, N. and J. KONDRUP 245

Ethanol and protein metabolism in the liver. MØRLAND, J., A. BESSESEN, A. SMITH-KIELLAND and B. WALLIN 251

Relationship of alcohol metabolism to folate deficiency produced by ethanol in the rat. McMARTIN, K. E. and T. D. COLLINS 257

Liver superoxide dismutases and catalase during ethanol inhalation and withdrawal. RIBIÈRE, C., J. SINACEUR, J. NORDMANN and R. NORDMANN 263

Determination of endogenous ethanol in blood and breath by gas chromatography-mass spectrometry. JONES, A. W., G. MÅRDH and E. ÄNGGÅRD 267

Metabolic activation of cyanamide to an inhibitor of aldehyde dehydrogenase *in vitro*. DEMASTER, E. G., H. T. NAGASAWA and F. N. SHIROTA 273

Effects of ethanol metabolites on intermediary metabolism in heart muscle. PEUHKURINEN, K. J., K. T. KIVILUOMA, J. K. HILTUNEN, T. E. S. TAKALA and I. E. HASSINEN . 279

Rates of catabolism calculated from $^{14}CO_2$ production: Artifacts and realities. TOMERA, J. F., P. G. McCAFFREY and H. BRUNENGRABER 285

Ethanol-Drug Interactions

Effects of ethanol and sorbitol on mixed-function oxidation in perfused rat livers. REINKE, L. A., F. C. KAUFFMAN, S. A. BELINSKY and R. G. THURMAN 289

Ethanol interaction with drug acetylation *in vivo* and *in vitro*. OLSEN, H. and J. MØRLAND . 295

Ethanol interaction with propoxyphene and norpropoxyphene metabolism in isolated rat hepatocytes. OLSEN, H., E. BODD, T. MEYER and J. MØRLAND 301

Ethanol, Endocrinology and Reproduction

Male reproductive tract sensitivity to ethanol: A critical overview. ANDERSON, R. A., JR., C. OSWALD, B. R. WILLIS and L. J. D. ZANEVELD 305

Interaction of alcohol and zinc in fetal dysmorphogenesis. MILLER, S. I., B. C. DEL VILLANO, A. FLYNN and M. KRUMHANSL 311

Ethanol, a Leydig cell toxin: Evidence obtained *in vivo* and *in vitro*. VAN THIEL, D. H., J. S. GAVALER, C. F. COBB, L. SANTUCCI and T. O. GRAHAM 317

Effect of prenatal alcohol exposure on consumption of alcohol and alcohol-induced sleep time in mice. RANDALL, C. L., S. S. HUGHES, C. K. WILLIAMS and R. F. ANTON 325

Neonatal ethanol exposure: Effects on adult behavior and brain growth parameters. GRANT, K. A., E. Y. CHOI and H. H. SAMSON 331

Colonic cyclic AMP metabolism following chronic ethanol consumption in the rat: Effect of hormonal secretagoques. SEITZ, H. K., B. SIMON, P. CZYGAN and B. KOMMERELL 337

Morphologic alterations of rat Leydig cells induced by ethanol. GAVALER, J. S., H. A. PEREZ, L. ESTES and D. H. VAN THIEL 341

Acute alcohol intoxication, mood states and alcohol metabolism in women and men. SUTKER, P. B., B. TABAKOFF, K. C. GOIST, JR. and C. L. RANDALL 349

Effects of Ethanol on the Function of Neurotransmitters and Neuromodulators

Ethanol effects on striatal dopamine receptor-coupled adenylate cyclase and on striatal opiate receptors. HOFFMAN, P. L., G. R. LUTHIN, D. THEODOROPOULOS, P. CORDOPATIS and B. TABAKOFF 355

Differential effects of acute and chronic ethanol treatment on particular opioid peptide systems in discrete regions of rat brain and pituitary. SEIZINGER, B. R., K. BOVERMANN, D. MAYSINGER, V. HÖLLT and A. HERZ 361

Studies of neurotransmitter interactions after acute and chronic ethanol administration. HUNT, W. A. and E. MAJCHROWICZ 371

Central nervous system noradrenaline metabolism and alcohol consumption in man. BORG, S., H. KVANDE, D. MOSSBERG, P. VALVERIUS and G. SEDVALL 375

Ethanol and dopaminergic systems. LUCCHI, L., M. LUPINI, S. GOVONI, V. COVELLI, P. F. SPANO and M. TRABUCCHI 379

Neurochemical correlates of tolerance and strain differences in the neurochemical effects of ethanol. KIIANMAA, K. and B. TABAKOFF 383

Role of tyrosine in the acute effects of ethanol on rat brain catecholamine synthesis. BADAWY, A. A.-B., D. L. WILLIAMS and M. EVANS 389

Changes in cholinergic activity in human hippocampus following chronic alcohol abuse. NORDBERG, A., C. LARSSON, E. PERDAHL and B. WINBLAD 397

Ethanol, essential fatty acids and prostaglandins. ÄNGGÅRD, E. 401

Metabolic Zonation

Functional significance of hepatocyte heterogeneity for glycolysis and gluconeogenesis. JUNGERMANN, K. 409

Metabolic heterogeneity in the perfused rat liver. THURMAN, R. G., F. C. KAUFFMAN, S. JI, J. J. LEMASTERS, J. G. CONWAY, S. A. BELINSKY, T. KASHIWAGI and T. MATSAMURA 415

Inversion of the metabolic zonation of rat liver parenchyma by methapyrilene treatment. FISCHER, W., G. FISCHER and N. R. KATZ 421

Clinical and Pathological Effects of Ethanol

Low Km ALDH isozyme and alcoholic liver injury. YOSHIHARA, H., N. SATO, T. KAMADA and H. ABE 425

Inhibition of ethanol- and aldehyde-induced release of ethane from isolated perfused rat liver by pargyline and disulfiram. MÜLLER, A. and H. SIES 429

On the characteristics of alcohol-induced liver enlargement and its possible hemodynamic consequences. ISRAEL, Y. and H. ORREGO 433

Selective increase in pericentral oxygen gradient in perfused rat liver following ethanol treatment. JI, S., J. J. LEMASTERS, V. CHRISTENSON and R. G. THURMAN 439

Effect of acute and chronic ethanol consumption on hepatic tissue oxygen tension in rats. SATO, N., T. KAMADA, S. KAWANO, N. HAYASHI, Y. KISHIDA, H. MEREN, H. YOSHIHARA and H. ABE 443

Zonal redox changes as a cause of selective perivenular hepatotoxicity of alcohol. BARAONA, E., P. JAUHONEN, H. MIYAKAWA and C. S. LIEBER 449

Hypoxic hepatocellular injury. LEMASTERS, J. J., S. JI, C. J. STEMKOWSKI and R. G. THURMAN 455

Potentiation of halothane hepatotoxicity by chronic ethanol administration in rat: An animal model of halothane hepatitis. TAKAGI, T., H. ISHII, H. TAKAHASHI, S. KATO, F. OKUNO, Y. EBIHARA, H. YAMAUCHI, S. NAGATA, M. TASHIRO and M. TSUCHIYA 461

Association of HLA-B40 and DRW9 with Japanese alcoholic liver cirrhosis. MIYAMOTO, K., H. ISHII, H. TAKATA, S. TAKAGI, Y. SHIGETA, S. SEKIGUCHI, K. SUYAMA, H. KOHNO and M. TSUCHIYA 467

Biochemical mode of action of a hepatoprotective drug: Observations on (+)-catechin. RYLE, P. R., J. CHAKRABORTY and A. D. THOMSON 473

Changes of hepatic microtubules and secretory proteins in human alcoholic liver disease. MATSUDA, Y., A. TAKADA, R. KANAYAMA and S. TAKASE 479

Electrophysiological Effects of Ethanol

Acute effects of alcohol on photic evoked potentials of rats: Lateral geniculate nucleus and reticular formation. HETZLER, B. E., J. M. WIESMAN, C. M. DOBBS and K. E. OAKLAY 483

Ethanol's effect on selective gating of somatic sensory inputs to single cortical neurons. CHAPIN, J. K. and D. J. WOODWARD 489

Cerebellar role in the differential ethanol sensitivity of long sleep and short sleep mice. SEIGER, Å., S. M. SORENSEN and M. R. PALMER 495

Alcohol consumption, neuropsychological status and computer-tomographic findings in a random sample of men and women from the general population. BERGMAN, H., G. AXELSSON, C.-M. IDESTRÖM, S. BORG, T. HINDMARSH, J. MAKOWER and S. MÜTZELL 501

Ethanol Tolerance, Physical Dependence and Preference

Learned tolerance to the anticonvulsant effects of alcohol in rats. PINEL, J. P. J., B. COLBORNE, J. P. SIGALET and G. RENFREY 507

Alcohol exposure pattern and physical dependence. LE BOURHIS, B. and G. AUFRERE ... 511

Reduction in severity of physical dependence on ethanol in mice caused by desferrioxamine administration. ABU-MURAD, C. and R. NORDMANN 515

Brain synaptosomal (Na^+ and K^+)ATPase activity as an index of tolerance to ethanol. BEAUGÉ, F., H. STIBLER and H. KALANT 519

Tetrahydro-β-carbolines: Effect on alcohol intake in rats. AIRAKSINEN, M. M., M. MÄHÖNEN, L. TUOMISTO, P. PEURA and C. J. P. ERIKSSON 525

Metabolic factors and preference for ethanol. OSTROVSKY, YU. M., M. N. SADOVNIK, V. I. SATANOVSKAYA, S. YU. OSTROVSKY, M. I. SELEVICH, V. U. BUKO, V. I. LELEVICH and N. K. LUKASHIK 531

Decrease in ethanol consumption by naloxone in naive and dependent rats. MARFAING-JALLAT, P., D. MICELI and J. LE MAGNEN 537

Genetic and Environmental Influences on Alcohol-Induced Behaviors

Genetic correlations with ethanol withdrawal severity. CRABBE, J. C., JR., E. R. YOUNG and A. KOSOBUD 541

Pharmacogenetics of alcohol's CNS effect: Implications for the etiology of alcoholism. PROPPING, P. 549

Circadian variation in effects of ethanol in man. LAWRENCE, N. W., M. HERBERT and W. J. JEFFCOATE 555

Ethanol-induced hyperglycemia mediated by the central nervous system. ERWIN, V. G. and J. F. TOWELL 559

Alcohol-preferring rats in colonies show withdrawal, inactivity, and lowered dominance. ELLISON, G., A. LEVY and N. LORANT 565
